Michelangelo's

Gift Baskets & Raffles

Cathy was born with a congenital heart defect. Since birth she has had multiple surgeries and numerous treatments. Recently she was diagnosed with liver cancer. She is seeking treatment at the Mayo Clinic in Rochester, MN. She is currently receiving Chemotherapy and is being evaluated for a heart and liver transplant. As you can imagine her costs for treatment away from home will far exceed the amount her insurance may eventually cover. Please help her with your generous donations

If you cannot attend but still wish to Donate you may send donations to: Catherine LaFata Medical Fund  
52208 Heatherstone Ave  
Macomb MI, 48042
